GREEN MOUNTAIN INN LAUNCHES NEW WEBSITE**

Stowe, VT – Finding information about the Green Mountain Inn in Stowe, Vermont just got easier thanks to the launching of the Inn’s newly updated and revitalized website.

Says Innkeeper Patti Clark, “Our new, streamlined website gives an extensive up-close and personal overview of the Inn and Stowe. It’s now easier to search for anything from our array of amenities and accommodations to in-depth information on how to plan a four-season vacation, family reunion or other special function. The Green Mountain Inn site has been designed to be the comprehensive, one-stop online browsing experience we know busy travelers are looking for these days. We’ve included links to a whole host of activities and points of interest that can be found within the greater Stowe area throughout any of the four seasons. Planning a really memorable vacation getaway has never been easier.

The revamped website, says Clark, was created to be user friendly and easily navigable. “We know people are busy balancing the demands of their everyday lives. So we’ve devised our site to deliver up-to-date information so visitors – whether virtual or real-time – can find what they’re looking for quickly and efficiently without investing a lot of unnecessary search time. We think our greenmountaininn.com visitors will find surfing the Inn’s new online home is easier, more seamless and – best of all - fun.

“What we’ve done with our website redesign reflects our mission at the Inn – continually searching for ways to provide our guests with a high quality, customer-focused experience. Our guests come first - always.”

Highlights of the Inn’s new website include information about the Inn’s participation in the Vermont Fresh Network, membership as a Vermont Business for Social Responsibility (VBSR), designation as a Green Hotel by the Vermont Chamber of Commerce as well as the Inn’s partnership with Green Mountain Coffee Roasters. Other features include links to area dining, event calendars, a guide to local cultural and art attractions as well as favorite driving tours throughout the area.
